TRANSFER

6600. TRANSFER CORE CURRICULUM

- a. Each college in the Los Angeles Community College District shall provide a copy of the transfer core curriculum to every new student that is admitted in a degree program.
 - (1) "Transfer core curriculum" is defined as the lower division, general education transfer curriculum that is fully articulated between the California Community Colleges and the California State University and the University of California. The Intersegmental General Education Transfer Curriculum (IGETC) at each college conforms to this definition.
- b. Each college in the Los Angeles Community College District shall also print a copy of the transfer core curriculum in the class schedules that are published for each academic term.
- c. Each college in the Los Angeles Community College District may also choose to make the transfer core curriculum available in locations on campus including, but not limited to the admissions office, bookstore, and career counseling center.

Adopted 11-07-01

d. Colleges may also elect to make the transfer core curriculum available to students by using any of the following alternative methods of distribution:

- (1) During the registration process; or
- (2) By mail, with the registration or enrollment materials, or both; or with other items mailed to students; or
- (3) During the issuance of student identification cards; or
- (4) During student orientation programs; or
- (5) College web pages.
